Grippaz®  
Patented Non-Slip Gloves

## Patented fish scale pattern gives superior grip

Grippaz™ Technology features a fish scale pattern that provides unparalleled grip performance. Grippaz™ are ergonomically designed to provide traction grip on the outside and on the inside of the glove.

Grippaz™ proprietary nitrile formula offers enhanced flexibility and fits more snugly than traditional gloves, providing maximum comfort, durability and dexterity.

## Grippaz® Extended Use Gloves

The dexterity and comfort of a light-duty glove with the durability needed for a wide variety of industrial applications

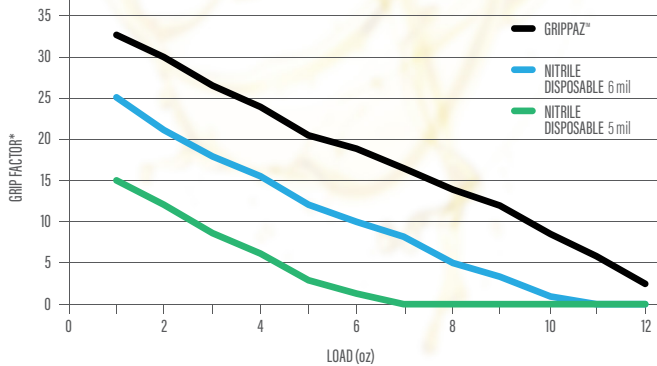

FEATURING A

**UNIQUE ROTATED THUMB GRIP**

IDEAL FOR PICKING UP SMALL OBJECTS IN SLIPPERY APPLICATIONS

**MOTOR OIL PINCH GRIP RESULTS**

\* Relative value devised for overall grip and control comparison.

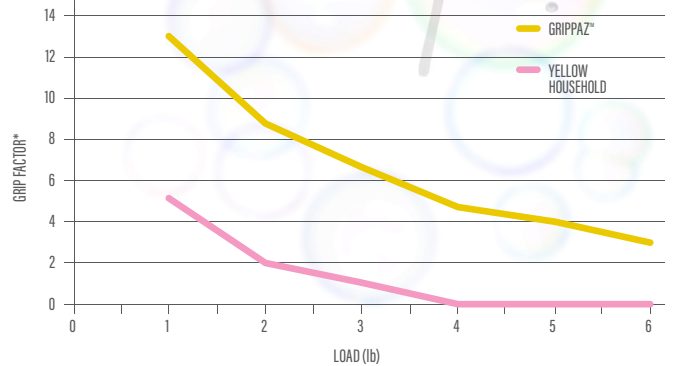

HELPS

**SECURE GRIP**

IN HEAVY DUTY CLEANING

**DETERGENT SOLUTION WHOLE-HAND GRIP RESULTS**

\* Relative value devised for overall grip and control comparison.

# Extended Use Outlasts Traditional Single Use Disposables

**Grippaz® Skins**  
Patented Non-Stop Grips

**Grippaz® Food Plus**  
Patented Non-Stop Grips

**Grippaz® Engage**  
Patented Non-Stop Grips

**Grippaz® Jan San**  
Patented Non-Stop Grips

## 67-246 & 67-256

- Globally patented fish scale design with internal and external grip pattern provides superior traction with wet or oily parts while significantly reducing hand fatigue
- Proprietary nitrile formulation offers enhanced flexibility and comfort while being resistant to many chemicals commonly used in Industrial and OEM applications including oils, grease and cleaning solvents
- 6 mil nitrile blend with rip-stop design reduces the risk of skin exposure by offering better tear and puncture resistance than conventional single-use disposable gloves
- Thicker mil and flexible, proprietary formulation offers Extended Use by lasting up to 5X longer than regular disposable gloves in industrial applications and out-performing unsupported nitrile gloves in dexterity and tactile sensitivity
- Black color effectively hides dirt and grime
- Orange color allows for greater hand visibility when working in low light

### Ideal For:

Handling Oily and Wet Parts /  
Paint Spraying / Automotive  
Service and Repair /  
Electroplating Objects

## 67-308

- Globally patented fish scale design with internal and external grip pattern provides superior traction when handling wet, greasy or slippery foods while significantly reducing hand fatigue
- Designed and formulated for excellent performance with animal fats and proteins by providing enhanced grip and degradation resistance
- 8 mil nitrile blend with rip-stop design is engineered to resist tears and punctures that could result in foreign material contamination recalls
- Thicker mil and flexible, proprietary formulation allows Grippaz™ to out-perform single use nitrile disposables, latex canners and unsupported nitrile gloves in food processing applications, promoting extended use and reduced waste
- Packed in resealable, easy-flap bag for reduced contamination risk
- Effective barrier protection against microorganisms as tested to EN 374-5

### Ideal For:

Poultry Processing / Fish  
Processing / Fruit & Vegetable  
Processing / Dairy Production /  
Red Meat Processing

## 67-307

- Globally patented fish scale design with internal and external grip pattern provides superior traction with oily, greasy or wet parts while significantly reducing hand fatigue
- Proprietary nitrile formulation offers enhanced flexibility and comfort while being resistant to many chemicals, greases and residues commonly used in automotive and mechanical applications
- 7 mil nitrile blend with rip-stop design is more tear and puncture resistant than conventional single-use disposable gloves and can be redonned for extended use and reduced waste
- Rotated thumb grip and flexible, proprietary formulation outperforms disposable nitrile gloves in dexterity and tactile sensitivity for precision handling applications
- Orange color for enhanced eye-to-hand visual acuity

### Ideal For:

Handling Oily and Wet Parts /  
Automotive Service and Repair /  
Paint Spraying

## 67-306

- Globally patented fish scale design with internal and external grip pattern provides superior traction when in contact with wet surfaces and equipment
- Proprietary nitrile formulation offers enhanced flexibility and comfort while being resistant to detergent solutions containing sodium hydroxide and bleach as well as other common cleaning agents
- 6 mil nitrile blend with rip-stop design is more tear and puncture resistant than conventional single-use disposable gloves and can be redonned for extended use and reduced waste
- Thicker mil and flexible, proprietary formulation offers Extended Use by lasting up to 5X longer than regular disposable gloves in sanitation applications and out-performing latex and unsupported nitrile gloves in dexterity and tactile sensitivity
- Yellow color and extended cuff designed for handling chemical cleaning agents

### Ideal For:

Detergent Cleaning / Heavy  
Duty Pressure Spray Cleaning
