04528 JOVIO

CE Compliance with regulations CE
Cat. DPI I

€ 38,75

NEW

Breathable and comfortable fleece for outdoor work
The JOVIO jacket is made of 100% polyester dyed yarn fleece, offering effective protection against the cold without compromising breathability. The lining is made of 100% polyester mesh fabric, which improves ventilation, keeping the body dry and comfortable even during intense activity. The sleeves are made of 210T 100% polyester taffeta, and the contrasting panels are made of 228T 100% polyester Taslan, ensuring greater durability and resistance to wear. This jacket is ideal for outdoor workers, providing a perfect balance between thermal protection and breathability, preventing overheating and excessive sweating while keeping the body warm on cooler days. Perfect for professionals who need versatile and comfortable clothing in dynamic environments.

04540B FYNOR

CE Compliance with regulations CE
Cat. DPI I

€ 46,89

NEW

Comfortable, stylish, and functional jacket for everyday work.
The FYNOR is a work jacket designed to offer the perfect balance between comfort, flexibility, and elegance. Made from a blend of polyester, viscose, and elastane, this jacket is the result of a careful selection of materials to ensure durability, softness, and freedom of movement. Polyester guarantees long-lasting wear and wrinkle resistance, while viscose provides a soft and pleasant touch, a quality highly appreciated by those who wear it. Elastane allows for stretchability that perfectly adapts to body movements without compromising comfort. Perfect for modern uniforms or workwear, the FYNOR jacket not only offers a professional and elegant look but also ensures a comfortable fit throughout the day. Ideal for those seeking a practical and refined solution for work clothing without sacrificing functionality.

04534B ZENTRO

CE Compliance with regulations CE
Cat. DPI I

€ 50,35

NEW

Waterproof and breathable jacket for harsh weather conditions
The ZENTRO is a jacket designed to provide full protection in challenging weather conditions, featuring a 100% polyester shell and a TPU membrane that ensures waterproof and breathable protection certified to EN343 3:3. Thanks to this advanced technology, the jacket keeps the body dry even in heavy rain while allowing internal moisture to escape for lasting comfort. The polyester mesh lining on the upper body enhances breathability, while the 210T taffeta with embossed logo on the lower part, sleeves, and hood adds durability and comfort. Additionally, the hood can be stowed inside the collar, offering a practical and versatile design. Waterproof zippers complete the look, protecting against any water infiltration. Ideal for professionals working outdoors in exposed environments with adverse weather conditions, the ZENTRO is the perfect choice for those seeking a high-performance, durable, and comfortable jacket without compromise.

04516 TIVAR

 Compliance with regulations CE
 Cat. DPI I

€ 25,90

NEW

Technical 3-layer polyester jacket with TPU membrane and fleece lamination. Designed to deliver high performance in demanding work environments, the TIVAR jacket represents the perfect balance of protection, comfort, and durability. Made from 100% polyester with a 3-layer lamination, it combines a 5000 mm waterproof TPU membrane with 800 MVP breathability, ensuring excellent protection against rain and moisture without compromising ventilation. The high-density polyester outer fabric provides excellent resistance to wear, tears, and weather, while the soft fleece interior offers warmth and thermal comfort, maintaining a lightweight feel and great freedom of movement. Windproof and quick-drying, TIVAR is the ideal solution for those working outdoors in harsh weather conditions. Designed for the dynamic professional who demands reliability, lightness, and ease of maintenance, this jacket is perfect for daily use in construction, logistics, maintenance, and industrial sectors.

04507 VESTIGO

 Compliance with regulations CE
 Cat. DPI I

€ 19,40

NEW

Technical 3-layer polyester vest with TPU membrane and fleece lamination. VESTIGO is the technical vest of the line, designed to provide protection, insulation, and comfort in mild weather conditions. Derived from the TIVAR model, it retains the same excellent technical features in a sleeveless version that ensures greater freedom of movement and a lighter fit, ideal for dynamic activities or as a mid-layer garment. Made from 100% polyester with a 3-layer construction, it combines a 5000 mm waterproof TPU membrane with 800 MVP breathability, offering effective protection against wind and moisture. The outer fabric is resistant to external agents and wear, while the soft fleece interior ensures warmth and comfort without adding weight. VESTIGO is perfect for transitional seasons or work environments where targeted thermal protection for the torso is needed, leaving the arms free for easier activity. Ideal for logistics, construction, maintenance, and service sectors, it stands out for its lightness, quick-drying properties, and ease of maintenance.

8022B FLEXARD

CE Compliance with regulations CE
Cat. DPI I

€ 40,35

NEW

Stretch, durable, and comfortable work trousers

The FLEXARD is a pair of work trousers designed to provide exceptional comfort and performance in dynamic work environments. Made from a fabric composed of 64% cotton and 36% nylon with a weight of 230 g/m², it offers the perfect balance of breathability, softness, and wear resistance. The contrast fabric, made of 90% nylon and 10% spandex at 240 g/m², gives the trousers greater elasticity, ensuring superior freedom of movement and optimal comfort even during demanding activities.

Cotton provides effective breathability, keeping the skin dry even on warmer days, while nylon adds abrasion resistance and quick-drying properties—essential features for workwear. The touch of spandex in the black contrast makes the FLEXARD particularly stretchy, fitting the body perfectly for a comfortable and functional fit. Perfect for those looking for work trousers that combine durability, stretch, and comfort, the FLEXARD is ideal for environments where mobility is required without sacrificing product longevity.

NEW

High-visibility polyester sweatshirt with reflective bands – 280 g/m²
 The RIVANA HIVI sweatshirt is designed to ensure high visibility and safety in work environments. Compliant with CE Category II and the standards EN ISO 13688:2013+A1:2021 and EN ISO 20471:2013+A1:2016, this sweatshirt is ideal for those working in conditions where good visibility is required.
 Made from 100% knitted polyester fabric weighing 280 g/m², it offers high wear resistance while remaining easy to maintain. It can be washed up to 40°C, retaining its durability and comfort. The 5 cm reflective bands, sewn with T/C backing, ensure high visibility even in low light conditions, enhancing workplace safety.
 The reversed nylon zipper in black color provides practicality and a professional look, while the functional design makes it perfect for daily use in work settings such as construction sites, logistics, and maintenance. A durable and functional solution, easy to maintain and always compliant with safety regulations.

CE EN ISO 20471:2013+A1:2016 & EN ISO 13688:2013+A1:2021

€ 26,90

NEW

High-visibility jacket with polyester Oxford inserts and reflective band
 The WORKIA HIVI is a jacket designed to offer high visibility, safety, and comfort in work environments. Compliant with Category II CE and the standards EN ISO 13688:2013+A1:2021 and EN ISO 20471:2013+A1:2016, it is the ideal choice for professionals working in low-visibility conditions such as construction sites, logistics, and maintenance.
 Made with a main body of 100% polyester fleece at 300 g/m², the jacket provides warmth and thermal comfort. The 300D polyester Oxford inserts with a 190 g/m² PU coating on the shoulders, sleeves, and lower body offer extra wear resistance and protection in high-stress areas. The central zipper and sewn reflective band enhance visibility without compromising functionality.

WORKIA HIVI is a durable, practical, and easy-to-maintain garment, washable up to 40°C. Perfect for those seeking a resistant, safe, and comfortable garment suitable for tough working conditions.

€ 41,69

NEW

High-visibility 3-layer jacket with detachable hood
 The LAVORIS HIVI is a technical jacket designed to ensure high visibility, protection, and comfort in extreme work environments. Compliant with CE Category II and standards EN ISO 13688:2013+A1:2021 and EN ISO 20471:2013+A1:2016, this jacket is the ideal choice for professionals working in challenging weather conditions.
 Made of 100% mechanical polyester twill with TPU lamination and a 3-layer 300 g/m² fleece, it offers the perfect combination of flexibility, durability, and thermal insulation. The jacket is waterproof up to 3000 mm and breathable (800 MVP), keeping the body dry and comfortable even during intense activities. The detachable hood increases the garment's versatility, allowing it to be adapted to different needs.
 Sewn reflective bands ensure excellent visibility even in low light conditions, while the high-quality zipper guarantees a durable and practical closure. LAVORIS HIVI is the ideal jacket for those seeking a durable, functional, and safe solution for outdoor and industrial work environments.

€ 35,60

NEW

High-visibility, lightweight, and waterproof parka
 The TESSINO HIVI is a Class 3 high-visibility parka designed to provide optimal protection against the elements and ensure safety while working in low-visibility environments. Compliant with CE Category II, EN ISO 13688:2013+A1:2021, EN ISO 20471:2013+A1:2016, and EN 343:2019 (31X) standards, this parka is the ideal choice for those working in challenging conditions such as construction sites and industrial areas.
 Designed to guarantee high visibility, the TESSINO HIVI offers effective waterproof protection, keeping you dry even in rain. Its lightweight construction makes it practical and comfortable to wear, allowing freedom of movement without compromising safety.
 Perfect for harsh weather conditions, the TESSINO HIVI is the ideal garment for those seeking a functional, durable, and easily recognizable jacket in any work environment.

€ 51,25

NEW

High-visibility jacket, modern and functional
The FLEXIA HIVI is a jacket designed to offer the perfect balance between protection, comfort, and style. Compliant with CE Category II and standards EN ISO 13688:2013+A1:2021 and EN ISO 20471:2013+A1:2016, this jacket is ideal for work environments requiring high visibility and a modern, functional design. Made from 100% mechanical polyester twill 75D with TPU lamination and recycled fleece at 310 g/m², it provides good protection against the elements while maintaining adequate breathability and waterproofness. The contrasting black fabric on the sleeves and body, also 100% mechanical polyester twill, completes the elegant and functional design. Segmented D4300 reflective bands measuring 5 cm on the shoulders and 7 cm on the body and sleeves ensure optimal visibility even in low-light conditions. The modern cut and slim fit give the jacket a sleek look, perfect for those seeking a professional and fashionable workwear solution. The FLEXIA HIVI is ideal for those who want a high-performance garment that guarantees safety and comfort without sacrificing a touch of style in their work attire.
