Fuse Tc Pink LOW S1P ESD SRC Composite Toe Electrostatic Dissipative Shoes, Slip Resistant, Safety Boots

- ERGONOMIC LAST SHAPE The anatomical shaped last ensures a better wearing comfort.
- iCELL The iCELL element in the heel area improves cushioning while enhancing the shoe's stability, guidance and comfort. It protects the foot against shocks and bumps in the heel area thus reducing fatigue to joints.
- FLEXIBLE ANTI-PERFORATION The flexible anti-perforation midsole made from para-aramid synthetic fibres offers ultimate protection of the foot from sharp penetrating objects.
- EVERCUSHION® CUSTOM FIT MID The breathable, moistureregulating, anatomically shaped insole cushions optimally with every step. The specially coordinated arch support enables the foot to be positioned naturally in the shoe and stimulates the muscles when walking.
