|----------------------|------------------------------------------------------|
| Color                | Brown                                                |
| Sizes Available      | --                                                   |
| Packaging            | Bulk Banded                                          |
| Packed               | 204/Case                                             |
| Case Dimensions (cm) | 38.10 x 33.02 x 30.48                                |
| Case Weight (kg)     | 7.66                                                 |
| Country of Origin    | United States                                        |
| Liner Material       | Antimicrobial, HPPE, Lycra, Stainless Steel Wire     |
| Coating              | Uncoated                                             |
| Gauge                | 13                                                   |
| Cuff                 | Knit Wrist                                           |
| Hide                 | --                                                   |
| Impact Protection    | --                                                   |
| Construction         | Antimicrobial, Low-Lint, Machine Knit, Seamless Knit |
| Certifications       | TAA Compliant                                        |

## Claw Cover®

### Seamless Knit HPPE / Stainless Steel Blended Antimicrobial Glove - Light Weight

- Claw Cover 13G seamless knit glove with poly/spandex plating for all-day wearer comfort
- A blend of ultra-high-performance fibers and steel to help protect against cuts and lacerations common in Food Processing
- Lightweight, soft and comfortable for greater worker acceptance
- Multiple colors are available for employee work area designation or order in different color by size for ease in laundering
- Antimicrobial treated fibers are food safe and helps to prevent odors and bacterial growth for longer wear between laundering
- Compliant with FDA 21 CFR 177.2800 and approved for direct food contact
