

SPECIFICATION SHEET

STYLE: 647700

Technical Data

Color	White/Black
Sizes Available	39-48
Packaging	Boxed
Packed	
Case Dimensions (cm)	
Case Weight (kg)	0.00
Country of Origin	Viet Nam
Material	Microfiber
Outsole	
Toe Type	Steel Toe
Tread Pattern	
Height	
Construction	Insulation Against Heat, Heat Resistance, Slip Resistant
Certifications	

Performance Data

ASTM F2413 Requirement

PUMA® Safety

SHIFT BLK/WHITE LOW S3S FO HRO SR Steel Toe, Slip Resistant, Safety Shoes

- MOTION CORE SOLE Heat resistant up to 300°C, the tread on the rubber outsole delivers perfect contact on a wide variety of surfaces

 strong traction thanks to flatter studs for indoor use, but also selfcleaning with greater depth for outdoor suitability. The lateral elevation of the midsole in the heel area, which is frequently used in running, improves the stability of heel contact.
- CUSHIONING MIDSOLE A soft PU midsole optimally cushions the high forces with every step and delivers the ideal combination of stability and flexibility.
- FAP® LITE FLEXIBLE ANTI-PERFORATION The latest generation of metal-free antiperforation: • 50% lighter* • excellent flexibility • improved cushioning and pressure elasticity • breathability and sweat absorption for a cooling effect
- EVERCUSHION® EASY The combination of breathable, open-cell foam technology and particularly moistureabsorbing upper material effectively transports perspiration away from the feet and keeps them pleasantly dry. The soft memory foam of the evercushion® EASY footbed adapts perfectly to the shape of the foot and exhibits truly outstanding cushioning effects – for the softest of touches with every step.
